TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description: AMPMODU Short Point Contacts

#### **Description of Changes**

Manufacturing location change. For any orders for a sold to customer location that is in the Asia-Pacific Region or the European Region for the following part numbers, the manufacturing location will change from our TE plant in Suzhou, China to our TE plant in Hermosillo, Mexico. This change only affects orders for a sold to customer location that is in the Asia-Pacific Region or the European Region.

### Reason for Changes:

Manufacturing location change. In an effort to aid in responding to customer requests by reducing the lead-time for these contacts, any orders for a sold to customer location that is in the Asia-Pacific Region or the European Region, for the following part numbers, the manufacturing location will change from our TE plant in Suzhou, China to our TE plant in Hermosillo, Mexico. Any orders from the Americas region will still be produced at our TE plant in Hermosillo, Mexico. There is no transfer of tooling with this location change. We will be utilizing a sister die, that makes the same parts, in our TE plant in Hermosillo, Mexico. All procedures and practices that are followed for any other tool move will be followed for this change. A TE-internal release test based on the relevant part specifications will be executed before delivery. Upon request, a PPAP Level 1 or Level 2 will be available.
