

Filters and accessories for half-face-mask breathing protection

Application:

Suitable for all reusable 3M™ half and full face masks with bayonet connection system

Execution:

- Trapezoidal gas and vapour filters combine outstanding protection with excellent wearing comfort
- Low breathing resistance
- Even weight distribution when attached to the mask
- Ref. no. 365 and 375: Insert filter to be used in combination with the gas filters
- Ref. no. 405: The filter cover is required for combining the particle insert filters (55848365 and 55848375) with the gas and vapour filters.
- Ref. no. 410: For attaching the particle insert filters (55848365 and 55848375) to breathing protection. Equips gas and vapour filters with additional particle protection.
