

## GT Pro™

GT Pro is a premium gaffer's tape for professional uses. It is a very low sheen, coated cloth tape. Available in a variety of colors, it is well-suited to the video and film industry, but also any other application where cables are being secured to a floor. Available with the patent-pending CoreLock™ technology, you can use this premium tape with the GaffGun™. Optionally available with DryChannel™ for easy removal.

*(Not sure which type of tape you need? Email us at [support@gaffgun.com](mailto:support@gaffgun.com) with information about your application and we'll help you decide.)*
