

## Industrial vacuum cleaner VHS 120 CB CC GV

Chip extractor with integrated chip basket

### Application:

For demanding cleaning tasks in the metal industry; especially for picking up chips and liquid media.

### Version:

- With two bypass motors for demanding cleaning tasks
- With integrated chip screen and drain valve
- Manual filter shaker for a consistently high performance
- Removable 37l container for a large holding capacity
- Filter class L

### Advantage:

- The cyclone used ensures optimal filtration and protects the star filter from abrasive substances
- Thanks to the vacuum display on the motor head, the operating behaviour can be easily monitored
- Chips can be drawn directly from the processing machine, while the cyclone chip screen and drain valve ensure that the fluid can be easily separated from the chips.

### Delivery:

Includes machine cleaning kit (galvanized hose connection, polyurethane hose 5m with sleeves, galvanised curved fitting, antistatic hand and rubber nozzle)
