Exide AGM

Passenger vehicle batteries

- › Top charge acceptance
- › Now 4 times higher cycle life
- › Ideal for large cars, SUVs, vans and vehicles with Start-Stop and power-hungry electrical equipment
- › Top-level safety features and absolutely no free acid
- › Recombinant VRLA (valve regulated)
- › Latest generation approved by car manufacturers
- › Suitable for vehicles with start-stop technology
- › Great car parc coverage from a limited number of SKUs
