

A man in a black rain jacket is working on a red machine, possibly a generator or engine, in a dark, outdoor setting. He is using a tool, and a flashlight is illuminating the work area. The machine has a red cover and a white panel with the word 'FLAM' visible. In the foreground, another man wearing a yellow hard hat and a yellow jacket is looking towards the right.

XP18R

An Ultra-Bright Large-Format Torch in COAST's NEW Durable "Extreme Performance" Line of Portable Lighting Solutions

The COAST XP18R torch delivers a whopping 3500 lumens in Turbo Mode, with 1000 lumens on High, in COAST's crisp, consistent beam. Turbo mode can be accessed with a long push of the rear switch, along with three other modes (low, medium, and high).

The torch is able to achieve such incredible specs due to its COAST ZITHION-X™ rechargeable battery, which can be charged in the torch via a Pro-Tek port or outside of the torch. The torch features COAST's Dual Power™ technology, meaning the torch is compatible with six AA alkaline batteries (sold separately).

This powerhouse – the most powerful in COAST's new XP (Extreme Performance) line of torches – features a real-time power indicator plus patented slide-focusing optical technology that shines clean flood light and piercing spot light with seamless transitions between.

- 3500 lumens on Turbo Mode, and 1000 lumens on High
- Length: 10 in. / 25.5 cm
- ZITHION-X™ rechargeable battery (included), or 6 x AA batteries (sold separately)

XP11R

This Workhorse Torch Brings 2000 Lumens on Turbo Mode in COAST's NEW Durable "Extreme Performance" Line of Portable Lighting Solutions

The XP11R brings a new mode to COAST handhelds – Turbo Mode – which will provide 2000 lumens featuring COAST's famously consistent beam. Turbo mode can be accessed with a long push of the rear switch, along with three other modes (low, medium, and high).

The COAST XP11R torch delivers brightest-in-class light, multi-beam capability powered by a COAST ZITHION-X™ rechargeable battery, which can be charged in the torch via a Pro-Tek port or outside of the torch. The torch also features COAST's Dual Power™ technology, meaning it's also compatible with three AAA alkaline batteries (sold separately).

This workhorse features a real-time power indicator plus patented slide-focusing optical technology that shines clean flood light and piercing spot light with seamless transitions between.

- 2000 lumens on Turbo Mode, and 1000 lumens on High
- Length: 6.02 in. / 15.30 cm
- ZITHION-X™ rechargeable battery (included), or 3 x AAA batteries (sold separately)

XP9R

A Powerful Mid-Sized Torch in COAST's NEW Durable "Extreme Performance" Line of Portable Lighting Solutions

COAST brings 1000 lumens to a compact, 5.25-inch torch in its new XP9R. The COAST XP9R Dual Power™ torch delivers brightest-in-class light featuring COAST's famously consistent beam. The torch features three light output modes and with a slide focus, and delivers multi-beam capability.

The torch can deliver this powerful brightness courtesy of COAST's patented ZITHION-X™ rechargeable battery. The XP9R is also compatible with two CR123s disposable lithium batteries (sold separately).

This all-purpose handheld torch features patented slide-focusing optical technology that shines clean flood light and piercing spot light with seamless transitions between.

- 1000 lumens with rechargeable cell
- Length: 5.25 in. / 13.28 cm
- ZITHION-X™ rechargeable battery (included), or 2 x CR123 batteries (sold separately)

XP6R

An Ultra-Compact Pocket Flashlight in COAST's NEW Durable "Extreme Performance" Line of Portable Lighting Solutions

Big on light, small on size. The COAST XP6R torch delivers brightest-in-class light with a new, more rugged look consistent with COAST's new line of XP (Extreme Performance) torches. The XP6R is 3.5 inches in length and packs a punch, with 400 lumens of maximum brightness. The torch features three light output levels, and multi-beam capability powered by a COAST ZITHION-X™ rechargeable battery.

This torch is equipped with COAST's Dual Power™ technology, meaning the torch is also compatible with a CR123 disposable lithium battery (sold separately).

This pocket-sized handheld torch features patented slide-focusing optical technology that shines clean flood light and piercing spot light with seamless transitions between.

- 400 lumens with rechargeable battery cell
- Length: 3.55 in. / 9.04 cm

XPH34R

COAST Introduces its Most Powerful Ever 2000 Lumens Head torch in COAST's NEW Durable "Extreme Performance" Line of Portable Lighting Solutions

The COAST XPH34R rechargeable head torch gives users amazing versatility and delivers COAST's most powerful brightness. The torch has a maximum lumen output of 2000 on Turbo Mode, and 1000 lumens on High.

The XPH34R features a compact, dust-resistant aluminum body that rolls in its bracket for dynamic directional lighting. You can pull the torch out of the bracket to use as a handheld; there is also a magnet on the battery cap which allows you to affix the torch to metal surfaces.

Powered by a COAST ZITHION-X™ rechargeable battery with a real-time battery life indicator, the torch features a twist focus, and four light output options. The light features COAST's Dual Power™ technology, meaning the torch is also compatible with two CR123 batteries (sold separately) or three AAA alkaline batteries (sold separately).

- 2000 lumens on Turbo Mode with rechargeable battery cell
- ZITHION-X™ rechargeable battery (included), 2 x CR123 (sold separately), or 3 x AAA batteries (sold separately)

XPH30R

A Rechargeable Head torch that Delivers 1000 Lumens in COAST's NEW Durable "Extreme Performance" Line of Portable Lighting Solutions

The COAST XPH30R head torch gives users amazing versatility and powerful brightness. The torch has a maximum lumen output of 1000 on Turbo Mode, and 700 lumens on High.

The XPH30R features a compact, dust-resistant aluminum body that rolls in its bracket for dynamic directional lighting. You can pull the torch out of the bracket to use as a handheld; there is also a magnet on the battery cap which allows you to affix the torch to metal surfaces.

Powered by a COAST ZITHION-X™ rechargeable battery with a real-time battery life indicator, the torch features a twist focus, and four light output options. The torch features COAST's Dual Power™ technology, meaning the torch is also compatible with two CR123 disposable lithium batteries (sold separately).

- 1000 lumens on Turbo Mode with rechargeable battery cell
- COAST ZITHION-X™ rechargeable battery (included), or 2 x CR123 batteries (sold separately)

XPH25R

A Compact Rechargeable Head torch in COAST's NEW Durable "Extreme Performance" Line of Portable Lighting Solutions

The COAST XPH25R headlamp gives users amazing versatility. The torch features a compact, dust-resistant aluminum body that rolls in its bracket for dynamic directional lighting.

You can pull the torch out of the bracket to use as a handheld; there is also a magnet on the battery cap which allows you to affix the torch to metal surfaces.

Powered by a COAST ZITHION-X™ rechargeable battery with a real-time battery life indicator, the torch features a twist focus, and three light output options.

The torch features COAST's Dual Power™ technology, meaning the torch is also compatible with a CR123 disposable lithium battery (sold separately).

FL1R

Micro Rechargeable Head Torch

The FL1R is COAST's new rechargeable micro head torch. At just 1.41 ounces, the FL1R is made for activities where size and weight are important – like running or backpacking.

The FL1R has an embedded rechargeable battery, reducing the weight considerably, and will run for 1.5 hours on high.

The head torch also has a lockout feature to avoid having it turn on in a pack – hold the button for 5 seconds and it will be locked off.

The light is weather proof, and comes with a clip for attaching to sternum straps or hats, and a headband for regular headlamp fit. 2 white light modes and one red light mode.

- 300 lumens
- Runtime (High): 1h 30min ; Runtime (Low): 4h

HX4

The Handy Clip Torch from COAST

The HX4 chip-on-board (C.O.B.) clip torch is the ideal dual color everyday carry torch. By combining red and white LEDs, the HX4 LED clip torch is excellent when you need bright illumination or need to use it in situations where you need to preserve your night vision.

The universal clip on the torch makes it easy to clip on pockets or even the bill of your hat, while the integrated magnets allow the HX4 to be placed on magnetic surfaces. Once placed or clipped to a surface, the torch features a 180-degree beam adjustment and enable the optimal beam placement for the user.

PS400S

New Polysteel Torch – Now Has a Powerful Magnet in the Handle and a Swivel Head

COAST took its middle-size Polysteel handheld torch, the PS400, and gave it new features: a magnet in the handle and a swiveling head. The head of the torch turns 180 degrees at the bevel, giving people the ability to be flexible on where the torch is pointing.

The PS400S Torch is waterproof, drop proof, and crush proof while possessing our Pure Beam Optics System with twist focus to make the torch ultra-durable and ready to weather any storm.

With a stainless-steel core and a poly outer material, we put this torch to the test, and it passed each one with style. With Coast's commitment to quality, the PS400S Torch is impact resistant, waterproof, and its LED is virtually unbreakable.

- 440 lumens
- Runtime (High): 4h; Runtime (Low): 27h
- Length: 5.75 in / 14.6 cm / Weight: 6.4 oz. / 181 g

PS20

A New Polysteel Inspection Beam Pen Torch

COAST took its most popular pen torch and made it waterproof, drop proof, and crush proof – the PS20 is the Polysteel version of COAST's G20 inspection pen torch.

The PS20 is a versatile, reliable, and extremely tough for everyday use. Whether you store it in your shirt pocket, pants pockets, or tool bag, the PS20 with its Inspection Beam Optic is a torch for everyday use that you should keep close. Optimized for up-close use with crisp edges and little glare, the perfectly circular beam illuminates where and when you need it.

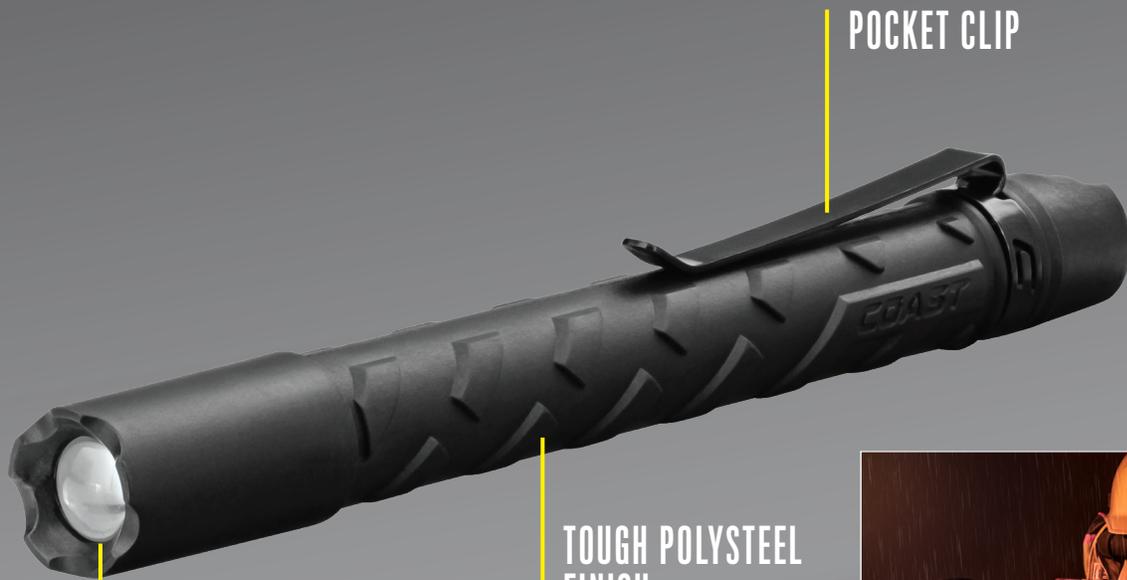

The PS20 torch is backed by COAST's five year warranty against defects in materials and workmanship. Tested and rated to ANSI/FL1 standards.

COAST's New Versatile, Tough, and Compact Emergency Area Torch

The EAL13 is the compact, feature-rich portable torch that is made for emergency situations both at home or on the go. The torch has a 330-lumen output on high and will run for 120 hours on low.

The EAL13 is rated IP54 storm proof and built for any situation, with a tough, drop-proof nylon body and polycarbonate dome and globe construction.

Users can remove the globe to allow for higher lumen output – and with carabiners on the top and bottom, the lantern can be hung to provide overhead lighting.

The EAL13 features magnets on the underside of the lantern to affix to metal surfaces, as well.

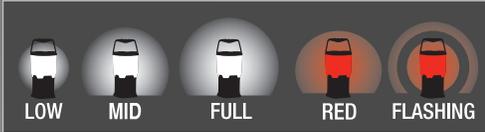

- Runtime (Low) 330 lumens with a 120-hour runtime on low
- Features a magnetic bottom to affix to metal surfaces
- 3 x AA batteries (sold separately)

COAST Is Launching The Best Rechargeable Emergency Area Torch On The Market

The EAL22R is an all-new rechargeable, feature-loaded emergency torch from COAST. The torch is incredibly bright on high – 1500 lumens – and features a dial to control the brightness levels, with the ability to run for 140 hours on the lowest brightness setting.

The EAL22R is rated IP54 storm proof and built for any situation; with a tough, drop-proof nylon body, polycarbonate dome and globe construction. Users can remove the globe to allow for higher lumen output – and with carabiners on the top and bottom, the lantern can be hung to provide overhead lighting with ease.

This Torch uses either lithium or alkaline power, and can be recharged either in or out of the torch using a micro USB, and can power out to charge phones or accessories in emergency situations.

- 1500 lumens with a 140-hour runtime on low
- Sturdy control dial allows for easy brightness adjustment
- Dual power capability running on 3 x D cell batteries (sold separately) or ZITHION™ rechargeable battery (included).
