LED flush-mounted double-dimmer

with central plate T42.07

as ready-to-install device T42.07.01

Item-no.:

4260x0700 (central plate white, similar to RAL9010)

4290x0700 (central plate white, similar to RAL9016)

4210x0700 (central plate white, similar to RAL9003)

Item-no.:

4260x0701 (ready-to-install device white similar to RAL9010)

4290x0701 (ready-to-install device white similar to RAL9016)

To use in exchange for series switches and to dim two illuminants in a space saving way

Suitable for dimmable LED lamps, 230V-incandescent-, halogen and, NV-halogen lamps with mag. transformer

Fits in common flush-mounted switch boxes with an installation opening of 60 mm according to DIN 49073

With central plate 50x50 mm or as ready-to-install device including frame and central plate

Available in three shades of white – similar to RAL9010, similar to RAL9016 and similar to RAL9003

Short-circuit/overload protection through fine wire fuse

EHMANN advantage - 100% quality checks, 5-year warranty, German manufacturer
