

Emergency Stop Switch Actuator

SEAC01

Part Number

- 360° visible switch position indicator
- Unlocking by turning left or right

Technical Data

Electrical Data

Temperature Range -30...70 °C

Storage temperature -50...85 °C

Mechanical Data

Housing Material Plastic

Service Life 50000 Activations

Degree of Protection IP65/IP69K

Installation Type Mounting

Installation opening 22,3 mm

Unlocking turning

Function

Switching position indicator yes

Protective Collar yes

Applicable contact block SC20101S

SC21101S

Contact block must be ordered separately (not included in delivery)
