

automatic chip tilting container

the automatic one with dispenser system

Application:

for collecting and separating liquids from solids and for transport and/or disposal of waste, bulk goods, chips and mass parts of all kinds. For offset tilting over the container.

Execution:

- 3 automatic release points
- automatically closing protection against accidental slipping
- Innovative, automatically locking safeguard against unintentional tilting
- sheet metal tray with surrounding edge profile, welded oil-resistant and watertight
- screen plate insert hole diameter 3 mm, partition 6 mm, drain valve 1" for draining off liquids

Advantage:

- particularly suitable for collecting swarf
- rolling mechanism ensures comfortable tilting and back from the truck seat
- Offset tilting over the container due to 3 automatic release points
- efficient infeed of the container due to self-closing backup on the fork pockets

Art. no.	50265 062
Volume	1.2 m ³
Length	1920 mm
Width	1095 mm
Height	1127 mm
Fork pocket clearance	640 mm
Fork pocket size (W x H)	200 x 91 mm
With drain valve	Yes
With stacker seat tilt function	Yes
With perforated sheet	Yes
Load-carrying capacity	1500 kg
Surface	Lacquered
Colour	Flame red RAL 3000
Gross Weight	234.000 kg
Product Group	5AI

EAN

4052462066229
