

Reducing sleeve, coolant-sealed

Sealed for internal cooling, metallic

ATORN[®]

Application

For reducing the clamping diameter. For drilling, reaming, milling and tool sharpening

Version

- Metallically sealed for coolant up to 80 bar
- Slotted and polished
- Concentricity tolerance $\leq 3 \mu\text{m}$

Art. No.	23336 542
Chuck clamping diameter	20 mm
Clamping diameter	4 mm
Collar diameter	25 mm
Insertion depth	28 mm
Max. insert depth	50 mm
Length	54 mm
Coolant supply	Yes
