

Gripping pliers for electronics

Flat, round jaws

Application:

For gripping, holding and bending during precision assembly work.

Execution:

- Ball bearing chrome steel
- Smooth, ground gripping surfaces
- Carefully deburred edges
- Pushed-through precision joint
- Low-friction double spring for smooth, even opening action

Advantage:

- Mirror-finished surface with fine oil film to protect against rust, no interference in the circuit by flaking chrome parts

Art. no.	53104 020
Brand	KNIPEX
Manufacturer Part Number	35 22 115
Length	115 mm
Material of handle	2-component plastic
Head design	Pointed
Gross Weight	0.072 kg
Product Group	535

EAN

4003773035114
