[FULL DESCRIPTION]

C10 MkII

A heavy weight champion of multiroom HiFi performance as well as compatibility with AirPlay 2 and Google Cast. Still compact and easy to place, but this speaker packs a real punch. C10 MkII offers multiroom listening via Audio Pro multiroom system, but also via Google Cast and AirPlay 2.

The sound is even better than its predecessor, C10, due to a new design of the bassreflex port and updated electronic components. The speaker delivers a rich and fullbodied HiFi experience, with powerful and heavy bass to get the party started.

The removable fabric front lets you decide which appearance suits your room the best. Easy attachment with invisible magnets lets you choose the design in the blink of an eye.

6 presets gives you easy access to your favourite playlists and radio stations. Simply store your lists and stations to these convenient buttons. No need to use the app, just push and play.

The restreaming feature let's you enjoy listening to your old favourite vinyl albums. The C10 MkII can restream the music directly from your record player.

TOP 3 FEATURES:

Multiroom flexibility via 3 optional system; AirPlay 2, Google Cast and Audio Pro multiroom.

6 preset buttons for easy access to favourite playlists and radio stations.

Change the look of your speaker by a removable fabric front.
