

ULTRA-FINE TWEEZERS

WITH MICROSCOPICALLY

FINE TIPS!

HIGH-TECH TWEEZER:

- for a high-precision gripping thanks to ultra-fine 0.2 mm (+/-0.05) tips
- for working with very small, sensitive components
- for positioning and holding tasks under microscopes
- for working in laboratories and medical facilities
- for watchmakers

Stainless steel tweezers with a fine-polished, matt and non-reflecting surface, also antimagnetic and acid-resistant.

Article No.

Description

5-070-UF	Set of tweezers in a handy wallet, 6-pcs., content:
5-049-UF	straight, very sharply pointed, 110 mm, 4 SA
5-051-UF	straight pointed, 120 mm, 2 SA
5-052-UF	bent, very sharply pointed 110 mm, 5b SA
5-055-UF	sickle-shaped, very sharply pointed, 120 mm, 7a SA
5-072-UF	narrow straight pointed, 110mm, 3c SA
5-078-UF	tapering, chisel, 130mm, PSF SA

All tweezers also individually available!

**ALSO AVAILABLE
WITH ESD COATING
