CCTV, 5-Way DC Splitter Power Adapter

Looking to run up to 8 DC-powered CCTV cameras from a single PSU?

The *Blupont(tm)* **C-PS-8W** is a cost-effective yet efficient 5-way DC power splitter that simply plugs into a compatible existing PSU used for CCTV cameras.

Cut down on using multiple PSUs in your installation means you'll cut down on costs plus of course be more energy efficient at the same time.

Robust design and low electrical resistance are assured by using copper (Cu) cables and nickel plated DC conductors for maximum electrical transfer.

specifications:

8-Way DC 2.1 mm Splitter Adapter for CCTV power

Standard 2.1mm DC male connectivity at CCTV Input

Standard 2.1 mm DC female at PSU input*

Wide power rating: 12V - 36V DC, 5.5mm x2.1mm

Quality, copper (Cu) wire up to 22AWG

Robust, plastic design with strain relief

* Compatible PSU
