

Diamond cutting discs

For fibre-reinforced plastics (GRP and CFRP)

Application:

For cutting and trimming fibre-reinforced plastics (CFRP/GRP) on straight grinders (with clamping mandrel)

Execution:

- Single-layer, zinc-plated diamond cutting disc with side protection segments
- Total disc width 2.0 mm, steel blade 1.0 mm
- Type 1A1

Advantage:

- Also suitable for cutting hard materials such as carbide or technical ceramics

Art. no.	76107 155
Brand	PFERD
Manufacturer Part Number	4007220806043
Removal performance (points system)	●●●●
Service life (points system)	●●●●
Type	D1 A1R 125-2-22.23 D 427 GAG
Washer diameter	125 mm
Washer thickness	2 mm
Bore diameter	22.23 mm
Max. rotation speed	12223 rpm
Form	1A1
Design	Straight
Grain size	427
Number of pieces per packet	1
Material to be processed	CFK, GRP
Gross Weight	0.176 kg
Product Group	686

EAN
