

Name	Impact Xtreme Dry	Article number	IMPXDRY	
Colour	Red / Black	Glove thickness	Palm: 1,5 mm Back of hand: 8,1 mm	
Size	7-13	Packaging	1 pairs / plastic bag, 24 pairs / carton	
Certification number	0075/1157/162/06/11/0335	Barcode	7: 7340022523457, 8: 7340022523464, 9: 7340022523471, 10: 7340022523488, 11: 7340022523495, 12: 7340022526373, 13: 7340022526373	

Glove purpose	Very high impact protection in dry conditions.
Materials	Glove in SupraBlock 4; high quality micro fibre in palm. Polyester/Spandex fabric in back of hand. SupraBlock Impact and SupraBlock Stop on back of fingers with micro fibre on top. SupraBlock Impact have a residual force of 3 kN and is Impact approved according to new EN388 standard.
Fitting <small>(elastic tight, tight, close, loose)</small>	Tight fit.
Abrasion	Good abrasion resistance.
Cut	Not suitable for environments where cut resistance is necessary. Strength ○○○○○ Hardness ○○○○○
Tear	Very high tear resistance; keep away from machines with moving parts.
Puncture	Poor puncture and needle resistance.
Heat and insulation	Not suitable for contact with heated objects. Not suitable for use in cold temperatures.
Water/Oil	Water and oil repellent with SupraCoat Dry treatment.
Grip	Good dry grip.
Breathing	Good breathing properties.
Impact	Very good Impact protection with residual force after 5 Joule impact only 3 kN.
Chemical safety	REACH safe.

Disposal	No special waste	Storage and cleaning notice	Wash in 30 degrees.
Suitable industries	Offshore, mining, transport, wind mill maintenance and drilling.		Store in cool, dry and dark place. Avoid storage for several years.
