

Metal fuel can CLASSIC 20 L olive green, powder coated

Description:

Metal fuel cans CLASSIC 20 L, olive, with UN certification for petrol, diesel and other hazardous goods

- with UN certification for transporting hazardous goods
- powder coated, suitable for ethanol fuel E10 and manufactured using 0.9 mm steel
- with patented locking pin to prevent unintentional opening of the jerrycan
- Minimal draining time as a result of wide vent duct
- heat sealed handles provide extra strength
- special holes in the handle allow spout to be attached with clip and screws
- High-quality inside paint protects against rust and decomposition of the contents in longer storage in filled condition
- for the labelling (according to GHS regulation and ADR) of canisters filled with fuel, we recommend our hazard identification labels Art.-No. 306100
- separate accessories: Discharge pipes, suction system, filling system, canister holder Art.-No. (435500) and hazard identification labels (306100)
- Certification No 3A1/Y/100/.../D/BAM 6210-VP
- w = inside diameter of the filling opening = 45 x 35 mm
- d=depth=165 mm w=width=343 mm h=height=469 mm

Information:

Article

Articlenumber	434701
GTIN	4007228704495
Customs tariff	73102990
Packaging Unit (PU)	5

Colour	olive
Volume in l	20
Weight (kg)	4,28
T x B x H (mm)	165 x 343 x 469

Outer packaging

Content in pieces	5
-------------------	----------

Gross weight unit (kg)	21,4
------------------------	-------------

Pallet

Number of boxes	12
Number of layers	4
L x B x H (m)	1,2 x 0,8 x 2,026

Carton per layer	3
Weight (kg)	276,8
