

Reducing sleeve, coolant-sealed

Sealed for internal cooling, metallic

ATORN[®]

Application

For reducing the clamping diameter. For drilling, reaming, milling and tool sharpening

Version

- Metallically sealed for coolant up to 80 bar
- Slotted and polished
- Concentricity tolerance $\leq 3 \mu\text{m}$

Art. No.	23336 583
Chuck clamping diameter	32 mm
Clamping diameter	9 mm
Collar diameter	36 mm
Insertion depth	40 mm
Max. insert depth	60 mm
Length	64 mm
Coolant supply	Yes
