Recommended Products:
1. DFR0545 LattePanda Alpha 800s – Tiny Ultimate Windows / Linux Device (Pre-order)
2. DFR0546 LattePanda Alpha 864s – Tiny Ultimate Windows / Linux Device (Pre-order)
3. DFR0547 LattePanda Alpha 864s (Win10 Pro activated) – Tiny Ultimate Windows / Linux Device

Introduction

Dedicated Design, Superior Texture

Titan case uses conflict aesthetics to combine functional design considerations with sci-fi elements. Understated color selection and layered surface treatment technology create a kind of design, flat but with unlimited potential.

Two Models, Balancing Extensibility And Integrity

Invisible quick-release cover design. A complete computer after fastening, or an open hardware development platform after quick disassembling.

Perfect Protection

High-strength engineering plastic effectively protects the internal precise electronic components from accidental falls and static damage in complex development environment.

Note: Titan case is design for LattePanda Alpha & Delta not compatible with LattePanda V1.0

Features

Protect components

Easy to assemble

All interface reserved

Specification

Compatibility: LattePanda Alpha & Delta

Material: ABS+PC

Dimensions: 120*87*26 mm/4.7*3.4*1.0 Inch

Weight: 100g
