

Soldering iron for medium temperature ranges

50–150 W output

Application:

For soldering tasks with a medium heat requirement.

Execution:

- Voltage 230 V, 50/60 Hz
- Noise-suppressed
- With support rest
- With interchangeable heating element
- 1.5-m cable with Schuko plug

Art. no.	54320 050
Brand	ERSA
Manufacturer Part Number	0055JD
Type	50 S
Type description	0052 JD
Power rating	50 W
Min./max. temperature conditions	0 to 400 °C
Heat-up time	180 s
Shape of tip	Chisel-shaped
Tip diameter	3.1 mm
Gross Weight	0.415 kg
Product Group	5JN

EAN

4003008069440
