

CHOOSING THE RIGHT PAT TESTER

WWW.SEAWARD.CO.UK

WHICH PAT TESTER IS RIGHT FOR YOU?

Seaward provides a total solution to meet all your PAT testing needs.

This selector will guide you to your ideal tester, based on some simple questions.

START HERE

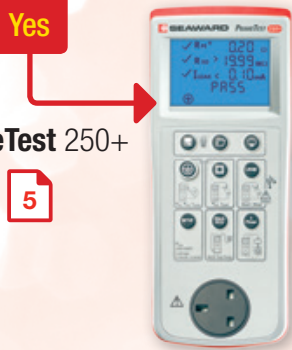

Would you like your tester to be able to store test results for easy download to a PC?

Will you require a powered 110V leakage test and/or a flash test?

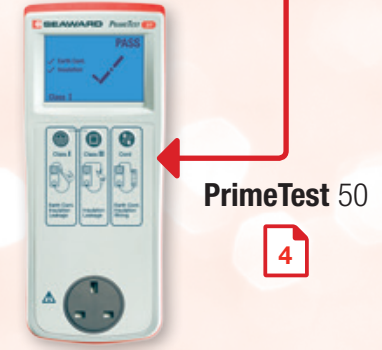

Will you be testing portable RCDs, or surge protected equipment, and/or will you need to do powered leakage tests?

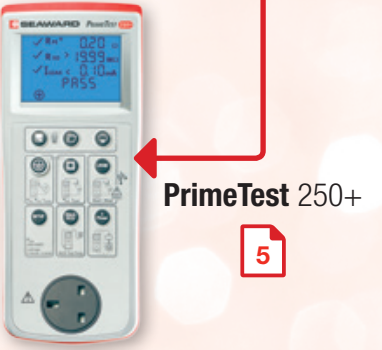

Would you like to store images against test results (e.g. visual inspection & failed appliances) for full traceability, complete other health and safety tests and inspection records, and/or use a USB flash drive to transfer data to and from the tester?

Would you like to upload assets for faster retesting, and/or have the flexibility to customise user and test settings?

Would you like to include asset details against test records (e.g. description, location, site etc.)?

SIMPLE TO USE PAT TESTERS...

PrimeTest 50

Basic pass/fail
battery powered
checker

PATMobile APP
COMPATIBLE

Ideal for:

- ✓ Basic, low volume testing
- ✓ Manually recording measurements or basic data logging and label printing via PATMobile app

Electrical Test Functions:

- ✓ Mains supply check
- ✓ IEC lead test
- ✓ Earth continuity (200mA)
- ✓ Insulation resistance (500V)

General Features:

- ✓ Handheld
- ✓ Basic pass/fail data logging via PATMobile mobile app
- ✓ Compatible with Test n Tag Pro printer using PATMobile app*

Part No: 347A910

Also available as part of a kit

▶ See page 9 for details

*Android only

Ideal for:

- ✓ Low volume testing
- ✓ Manually recording measurements or basic data logging and label printing via PATMobile app

Electrical Test Functions:

- ✓ Mains supply check
- ✓ IEC lead test
- ✓ Earth continuity (200mA)
- ✓ Insulation resistance (500V)
- ✓ Alternative substitute leakage

General Features:

- ✓ Handheld
- ✓ Battery powered
- ✓ Simple data logging via PATMobile mobile app
- ✓ Compatible with Test n Tag Pro printer using PATMobile app*

Part No: 344A910

Also available as part of a kit

▶ See page 9 for details

*Android only

PrimeTest 100

Simple pass/fail battery powered tester
with measured test result values

PATMobile APP
COMPATIBLE

PrimeTest 250+

A battery/mains powered comprehensive tester with basic data storage and label printing

Ideal for:

- ✓ Low-mid volume testing which is likely to include portable RCDs, surge protected equipment or where powered leakage tests are required
- ✓ Manually recording measurements or downloading basic test results to PC

Electrical Test Functions:

- ✓ Earth continuity (200mA)
- ✓ Insulation resistance at 250/500V
- ✓ IEC lead test
- ✓ Protective conductor current
- ✓ Touch current
- ✓ 3 Phase leakage current (requires adaptor)
- ✓ Alternative leakage current
- ✓ RCD trip time
- ✓ Power socket test

General Features:

- ✓ Handheld
- ✓ Compatible with Test n Tag Pro printer
- ✓ Single key save and single key download
- ✓ Memory for 999 records

Part No: 403A910

📦 Also available as part of a kit

▶ See page 9 for details

DOWNLOADING PAT TESTERS...

Apollo 400

A simple, battery/
mains powered
tester with
on-board data
storage

Ideal for:

- ✓ Mid volume testing to meet all testing requirements of the IET Code of Practice, including fixed appliances
- ✓ Downloading detailed test results to a PC

Electrical Test Functions:

- ✓ All tests required by the IET 4th Edition Code of Practice

General Features:

- ✓ Colour screen
- ✓ QWERTY keypad
- ✓ Memory for 2,000 records
- ✓ Remote data transfer (Android only)
- ✓ PC download

Part No: 380A920

📦 Also available as part of a kit

▶ See page 9 for details

Ideal for:

- ✓ Mid-high volume testing to meet all testing requirements of the IET Code of Practice, including fixed appliances
- ✓ Downloading detailed test results to a PC

Electrical Test Functions:

- ✓ All tests required by the IET 4th Edition Code of Practice

General Features:

- ✓ Colour screen
- ✓ QWERTY keypad
- ✓ Memory for 10,000 records
- ✓ Remote data transfer (Android only)
- ✓ PC download/upload
- ✓ Retest calculator

Part No: 380A913

📦 Also available as part of a kit

▶ See page 9 for details

Apollo 500

A fast and advanced battery/
mains powered tester with on-board data
storage for high volume testing

Apollo 600

A fast and advanced battery/mains powered tester with on-board camera and large data storage for high volume testing

Ideal for:

- ✓ Mid-high volume testing to meet all testing requirements of the IET Code of Practice, including fixed appliances
- ✓ Downloading detailed test results to a PC
- ✓ Uploading appliance details to the tester for faster retests
- ✓ Recording any workplace test or inspection and completing health & safety

Electrical Test Functions:

- ✓ All tests required by the IET 4th Edition Code of Practice

General Features:

- ✓ Colour screen
- ✓ QWERTY keypad
- ✓ Memory for 50,000 records & 2,000 images
- ✓ Remote data transfer (Android and iOS)
- ✓ PC download/upload
- ✓ Retest calculator
- ✓ Universal risk assessment
- ✓ On-board camera

Part No: 380A910

- 🧰 Also available as part of a kit
- ▶ See page 9 for details

Ideal for:

- ✓ High volume PAT testing including equipment that requires a flash test (e.g. hire equipment)
- ✓ Testing 110V tools and appliances
- ✓ Testing on a 110V or 230V supply

Electrical Test Functions:

- ✓ All tests required by the IET 4th Edition Code of Practice plus flash test

General Features:

- ✓ QWERTY keypad
- ✓ Memory for 6,000 records
- ✓ PC download/upload
- ✓ Mains powered

Part No: 283A936

- 🧰 Also available as part of a kit
- ▶ See page 9 for details

- PATBag carry case

Part No: 403A955

SOFTWARE

PATGuard 3 Elite

PATGuard 3 is a complete software solution for recording, storing, and reporting on test and inspection data downloaded from your PAT tester.

- ✓ Tag records with images as visual evidence and produce professional reports and certificates for total traceability and comprehensive record keeping.
- ✓ Save time by using PATGuard 3 to produce invoices, schedule retests and upload retest data to your tester.
- ✓ PATGuard 3 is recommended for use with Seaward downloading testers, and is also compatible with other non-Seaward branded testers.

Free trial available at www.seaward.co.uk/PG3trial

- Part No: 400A910 (1 year licence)
- Part No: 400A912 (3 year licence)
- Part No: 400A913 (5 year licence)
- Part No: 400A917 (Outright purchase)

PATGuard Elements

PATGuard Elements software provides a fast solution for creating an electronic record of handwritten test results, taken from any PAT tester without a memory.

- ✓ Manually enter test and inspection results to maintain a formal log of appliance history and create a range of professional test reports, including an invoice report.
