

precision pointers

MAHR 1010 precision pointer Millimess

Application:

For measuring lengths. Ideal for measuring instruments and flatness and straightness measurements

Execution:

- Impact-resistant
- Ball-guided measuring pin
- Connection for wire lifter
- Pointer fine adjustment
- Adjustable tolerance marks

Art. no.	33163 110
Brand	MAHR
Manufacturer Part Number	4332000
Scale value	0.01 mm
Length measuring range	0.5 mm
Shank diameter	8 mm
Shaft length	20 mm
Error limit	8 µm
With free stroke	Yes
Measurement force	1 N
Repeat accuracy	2 µm
DIN	879
Calibration Group	K
Gross Weight	0.258 kg
Product Group	305

EAN

4059192014025
