EOL of film capacitors (F2D, F2C, P2S, H2D)

Dear Ladies and Gentlemen,

We regret inform you that we will be discontinuing the production and sales of our foil electrode type Film Capacitor series (F2D, F2C, P2S, H2D).

Due to a recent sharp decrease in orders and the difficulty of securing various thickness of dielectric film caused by the film process manufacturers' rationalization, we have made difficult decision to discontinue these products.

We apologize for any inconvenience this may cause to our customers and ask for your understanding.

Sincerely yours.

Notes.

1. EOL Products

Foil Electrode type Film Capacitors (F2D, F2C, P2s, H2D)

We will contact you separately for the applicable products for your company. There are no substitutable products in our internal capacitor range.

2. Final order schedule

31 December 2024

3. Planned end of production

31 March 2025

4. Final shipping schedule

30 September 2025
