PRECISION POTENTIOMETERS

July, 2015

Change to Product Packaging for Various Multiturn & Single-Turn Precision Potentiometers

In line with our goal for continuous improvement and emphasis on utilizing environmentally friendly materials, Bourns Sensors & Controls is pleased to announce a change and improvement to our product packaging. The change in packaging entails the replacement of our current Styrene tray with Acetate or Polyester tape cover, to a molded fiber clam-style tray that uses bamboo, recycled carton and recycled newspaper. The new tray provides a more rigid shipping package that will help protect terminals from damage during shipment. The new tray has been tested to and passed ISTA® Series 1A standards.

The new tray material is also environmentally friendly and can be recycled. The current and new trays can be seen in Figures 1 & 2 below.

Figure 1: Current Thin Sleeve - Cover Film - Plastic Tray

Figure 2: New Cardboard Tray - Single Box

Along with the change in tray, the single sleeves shown in Figure 3 will be eliminated. The new trays will be boxed in pairs as shown in Figure 4 below.

Figure 3: Current Single Sleeve

Figure 4: New Boxed In Pairs

To accommodate the new boxes, the shipping box will also increase in size. Current shipping box dimensions are shown in Figure 5. The new shipping box dimensions are shown in Figure 6 below.

Figure 5: Current Shipping Box 18" x 9" x 6"

Figure 6: New Shipping Box 21" x 14" x 11"

Please note that mounting hardware will no longer be packed in the individual trays. With implementation of the new tray, bulk packaging will be used to package mounting hardware. See Figures 7 and 8 below.

Figure 7: Current Cavity Tray

Figure 8: New Bulk Pack

There will be no changes to minimum order quantities or multiples with this change in trays. There are no changes or impact to product form, fit, function, quality or reliability of the product.

This field notification affects all standard and selected modified standard parts that use the current shipping tray.

Multiturn Models:

3540/3541 - Precision Potentiometer
3543/3545 - Precision Potentiometer
3547 - 3-Turn Precision Potentiometer
3548 - 5-Turn Precision Potentiometer
3549 - 10-Turn Precision Potentiometer
3590 - Precision Potentiometer

Single-Turn Models:

6537/6538 - 22 mm Precision Potentiometer
6539/6639 - Precision Potentiometer
6630 - Precision Potentiometer
6637 - Precision Potentiometer
6638 - Precision Potentiometer

(Complete part number list to follow.)

Implementation dates are as follows:

Bourns will begin phasing in this process: The running change in shipping trays will occur on or after September 7, 2015

If you have any questions or need additional information, please feel free to contact [Customer Service/Inside Sales](#).
