## Thermal Insulator Grip HD Handle

[Product Application Map](#)

[News](#)

This soldering handle is perfect for **intensive soldering jobs requiring continued high thermal power such as large ground planes, production of solar panels, armor and other applications.**

It features a comfortable handle thanks to the foam and the wider grip and a screw which fixes the cartridge to prevent its rotation.

It can provide up to 250W when used with a HDE Heavy Duty Station and C470 Cartridge Range.

It can also work with Modular Control Units and CDS / CDB Stations using C245 Cartridge Range.

**Don't believe us...  
TRY IT!**

### REFERENCE

T470-FA

### PRODUCT COMPOSITION

- 1 T470F Thermal Insulator Grip HD Handle (cartridge not included)

### SPECIFICATIONS

Cable length 1.5 m  
 Not ESD safe at grip

91 gr (0.20 lb)  
 141 gr (0.31 lb)  
 235 x 40 x 40 mm

### WEIGHT AND DIMENSIONS
