

Soft-face hammer SIMPLEX, rubber and nylon impact insert

With Robinia wood handle, malleable iron clamping housing and replaceable impact inserts

HALDER

Application:

For medium-hard and maximum impact with high striking force.

Execution:

- Soft-face hammer combined with rubber composition and nylon
- Black rubber composition, medium-hard, very low wear, vibration damping, odourless
- Nylon insert with outstanding impact properties (white, hard, highly wear-resistant, no splintering even at sub-zero temperatures, resistant to oil and grease).
- Housing made of malleable iron with integrated protective shaft sheath and high breakage resistance
- High-quality, vibration-damping, ergonomically shaped wooden handle; double-painted grip area

Advantage:

- All individual parts can be replaced and retrofitted, thus very economical
