

Expert CYL-9 MultiConstruction drill bit

BOSCH

Application:

Ideal for drilling holes in various materials. Can be used in impact drilling for concrete and stone and rotary drilling for clay brick, tiles, panels, wood and plastic.

Advantage:

- Up to five times more precise than a standard drill bit
- Precise drilling with the patented Bosch Centering Geometry.
- The cylindrical shank is suitable for keyed drill chucks.
- The first choice for building work: maximum precision and versatile.
