

#### AC-DC POWER SUPPLIES

# 15W CONVECTION COOLED

The LCW series of regulated output convection cooled AC-DC power supplies are designed to provide a cost effective solution for industrial electronics and technology applications. Features include wide range AC input from 85-305VAC, output voltage adjustment, low stand-by power consumption, output short circuit protection, over current and over voltage protection. Applications include auxiliary power sources, security installations, lighting control, smart home or office control systems, ticketing and vending applications.

### Features

- 15W convection cooled
- Integrated connector cover
- ITE & industrial approvals
- Class B conducted & radiated emissions
- Input voltage range 85-305VAC
- Regulated single outputs from 3.3V to 48VDC
- Output voltage trim ±10%
- Efficiency to 83%
- Short circuit, overvoltage & overload protection
- Conformal coating option
- -30°C to +70°C operating temperature
- 3 year warranty

#### Dimensions

2.56" x 2.17" x 0.98" (65.0 x 55.0 x 25.0mm)

3.07" x 2.17" x 0.98" (78.0 x 55.0 x 25.0mm) including connector

#### **Models & Ratings**

|-----------------------------|---------|---------------------------------|----------------|-------------------------|---------------------------|-----------------|-------|
| Model Nulliber.             | Nominal | Adjustment Range <sup>(4)</sup> | Output Current | pk to pk <sup>(1)</sup> | Enclency                  | Capacitive Load |       |
| LCW15US03                   | 3.3V    | 2.9 - 3.6V                      | 3.0A           | 80mV                    | 73%                       | 3000µF          | 10W   |
| LCW15US05                   | 5.0V    | 4.5 - 5.5V                      | 3.0A           | 80mV                    | 78%                       | 2400µF          | 15W   |
| LCW15US12                   | 12.0V   | 10.8 - 13.8V                    | 1.3A           | 120mV                   | 82%                       | 1800µF          | 15W   |
| LCW15US15                   | 15.0V   | 13.5 - 16.5V                    | 1.0A           | 120mV                   | 82%                       | 1200µF          | 15W   |
| LCW15US24                   | 24.0V   | 21.6 - 26.4V                    | 0.625A         | 150mV                   | 83%                       | 600µF           | 15W   |
| LCW15US48                   | 48.0V   | 43.2 - 52.8V                    | 0.32A          | 150mV                   | 83%                       | 300µF           | 15W   |

#### Notes:

1. Ripple & noise measured with 20MHz bandwidth and 47µF electrolytic capacitor in parallel with 0.1µF ceramic capacitor.

2. Typical efficiencies measured at 230VAC full load.

3. Add suffix -E to model number to specify conformal coating option, MOQ applies, please contact sales.

4. Output power rating must not be exceeded.
