

	REVISED	DR	APP

Network RJ45 port blocker with key (1x key, 10x locks),
 With our RJ45 port blocker you protect your network
 from unauthorized access and malicious damage to the
 ports.

The port is locked and prevents unauthorized use for
 example in schools, data centers or public places.

The lock locks itself in the RJ45 port and can be
 unlocked again with the appropriate key.

- suitable for all RJ45 jacks
- 10x RJ45 Port Blocker
- 1x unlocking key
