Approved	Checked	Designed
		

No.	Contents	Before Change	After Change	Description
1	Change of Packing spec.	Styrene Tray	Fiberboard Partition Tray	The supply of Styrene has become limited. Consequently, the packing specifications is changed from "Styrene Tray" to "Fiberboard Partition Tray".
		<Applicable Products> Products of SANYO DENKI Philippines  After the change, the size of outer box, the quantity and the tray material will be changed.  Refer to an attached list for details.		With this change, there are no influences on characteristics, reliability and protection at the time of transportation for fan products.  <The date of changes> This change is applied from products which are manufactured on December 13 <sup>th</sup> , 2016.  Some remaining styrene stock will result in some interim mixed packaging tray material in the same lot.
