

PCN# : P669AAB
Issue Date : Jul. 06, 2016

Information Only Notification

This is to inform you that a change is being made to the following products.

This is a minor change that has no impact on product quality, reliability, electrical or mechanical performance. Affected products will remain fully compliant to all published specifications. Notification is being made for informational purposes only and there is no approval required. Products incorporating this change may be shipped interchangeably with existing unchanged products on or after the issue date of this notification.

Please contact your local Customer Quality Engineer if you have any questions regarding this notification.

Implementation of change:

Description of Change (From) :

Electrical Characteristics: change Qc (Total Capacitive Charge) from 109 nC (page 2)

Description of Change (To) :

Electrical Characteristics: change Qc (Total Capacitive Charge) to 95 nC

Reason for Change:

This is a datasheet change only.

Correcting a typo where the incorrect value was input to datasheet.

The 109 value was based on 1000V data, this is being correct to 95nc which aligns to the 800V Test condition.

Affected Product(s):
