TE Connectivity

Product Change Notification: P-21-021082

Customer: Waldom Electronics Corp (

167882)

Location: Rockford Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:	
KUP,KUEP Relays Selected PNs	

Description of Changes				
Manufacturing location change. For the following Part Numbers second manufacturing source will be enabled.				

Reason for Changes:

Dear Customer, The following PNs are currently enabled to be produced in TE Mexico location. Due to adverse impact of Covid-19, supply chain of these PNs is constrained. To improve the resiliency of supply chain, TE will enable second source for below selected PNs. New source is in China. New source is qualified and experienced in producing KUP, KUEP Relays, this will enable below PNs of KUP, KUEP Relays series to be produced in second location. Current Location, TE Mexico will continue to produce these PNs. The new manufacturing location is under a certified quality management system according the standard industry requirements.
