

Wooden safety floor grid with brushes

Application:

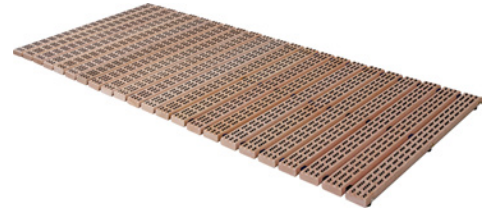

Suitable for dry work areas and industrial workstations, especially for tool machines, CNC machines, workbenches.

Version:

- Made from sturdy, corrugated beech wood strips with integrated brushes, connected with a steel cable
- Anti-slip and non-skid due to elastic rubber feet
- Weight: approx. 14 kg/m²
- R12 slip resistance
- Tested for slip resistance (R12) and displacement space (V10) by the MPI Materialprüfung und Sicherheit GmbH & Co. KG testing institute

Advantage:

- Resistant to oils, acids and hot chips
- Integrated brushes to enhance cleaning effect and slip resistance
- With rubber layer to relieve the muscles of the legs and the back, it has a performance-stimulating and health-promoting effect on employees working on the machine
- The wooden grating guarantees secure footing and protects the valuable industrial floor

Art. no.	50229 344
Surface structure	Grooved
Material	Beech
Length	2000 mm
Width	1000 mm
Height	35 mm
With levelling wedge	No
Resistance against	Oil, Acid, Fats, Petrol, Coolant
Min. temperature resistance	-30 °C
Max. temperature resistance	120 °C
Suitable for wet areas	No
Anti-fatigue	Yes
Non-slip	Yes
Colour	Light brown

EAN-Code

4047482138612
