

Hand held case with battery compartment and separate front cover

Description

Smart looking case moulded in high-impact white ABS with integral PP3 battery compartment accessible by a separate removable cover. The two main halves of the case are held together by two self tapping screws (supplied) which are concealed by the battery cover. The integral bezel and front cover can be removed for ease of manufacture. The overall finish of the case is matt with a polished front panel.

Specification Table

Overall Dimensions			Nominal Wall Thickness	Colour	Part Number
Length	Width	Depth			
118mm	66mm	33mm	2mm	White	BC3W

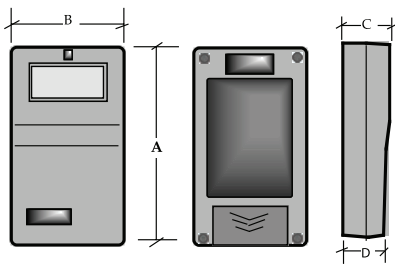

Calculator/instrument case with battery compartment

Description

A calculator style case moulded in black or white ABS with an overall matt finish. The integral battery compartment with sliding cover will accommodate 2 x PP3 type batteries. Internal pcb pillars are provided in both halves of the case, which are held together by the 4 self tapping screws provided. A small removable panel is provided on the window end of the case to facilitate leads etc. or a window for infra-red remote control applications.
