<p>2. Changed Item: Addition of MLCC Factory (Philippines Manufacturing Co.of Murata,Inc.)</p>																
<p>3. Background In response to the MLCC demand increase in overseas market, we are in the process of factory re-organization and relocation of production items based on following aspects.</p> <ul style="list-style-type: none"> · Increase the production ratio at overseas factory in the mid-long term point of view · Risk management measures in preparation for natural disasters · Supply capacity expansion by multi production sites · Production items relocation to make the best use of advantage of each factory <p>Murata Philippines was established in Oct. 2012, and will be the second largest overseas factory next to Wuxi Murata Electronics Co., Ltd.</p> <p>Most of GRM and GCM series demands comes from overseas customers, and is further expected to increase. We are going to respond to this challenge by expanding production capacity at Murata Philippines.</p> <p>The products are produced with exactly the same machine, raw material and process control in Japan and overseas factory, so quality and electrical characteristics of Murata Philippines products are identical to those of all Murata factory.</p>
