

Cemented carbide milling bit

shaft diameter 6mm

Application:

For deburring, roughing, finishing work and post-processing on cast parts, roughly machined workpieces or welding seams - can be used in hand-guided or on stationary machines.

Art. no.	76011 186
Brand	BIAX DRUCKLUFT
Manufacturer Part Number	001952076
Form	Cylindrical shape
Cutting edge length	16 mm
Length	55 mm
Serration type	63
Model	TCC 0406
DIN	8033
Gross Weight	0.019 kg
Product Group	761
