SIMPLE AND AESTHETIC NAVIGATIONAL SOLUTION FOR APPLICATIONS
WHERE SPACE IS LIMITED AND ENVIRONMENT IS DEMANDING

ULTRANAVIMEC™ Series

- Compact
- Navigation solution
- Can handle harsh environments
- Aesthetic design
- Illumination

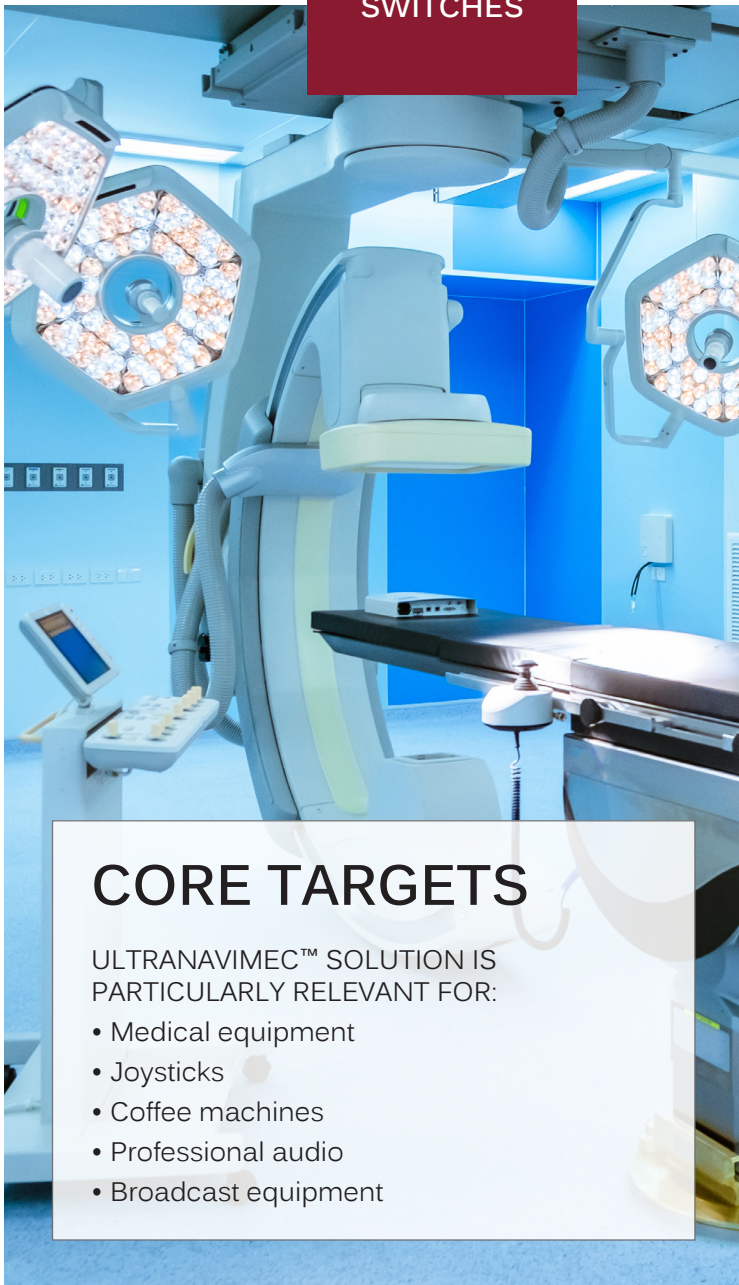

PANEL SWITCHES

PCB
SWITCHES

LED INDICATORS

JOYSTICKS

SWITCH PANELS

CORE TARGETS

ULTRANAVIMEC™ SOLUTION IS
PARTICULARLY RELEVANT FOR:

- Medical equipment
- Joysticks
- Coffee machines
- Professional audio
- Broadcast equipment

CUSTOMER BENEFITS

- Aesthetic design for your modern application
- Compact (low below panel height)
- Easy placement with floating caps
- Designed for optimal functionality with Ultramec™ switches
- Flexible and inexpensive illumination from the PCB
- Reliable (long life and sealed)

END-USER EXPERIENCE

- Distinct sound and contact feedback
- Fine tactile feel
- Attractive design
- Intuitive & ergonomic design

TECHNICAL FEATURES

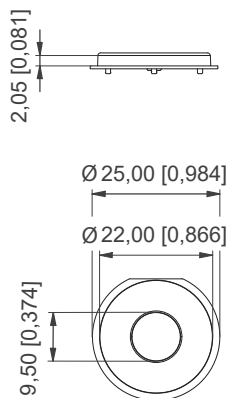

- 5x 6C + 10ZB + 10ZC + 10ZWY
- Total height 7.15 mm
- IP67
- >500.000 cycles
- Matte surface finish

CUSTOMIZATION POSSIBILITIES

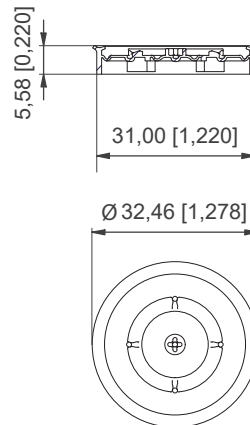

THE ULTRANAVIMEC™ SOLUTION FOR ULTRAMEC™ SWITCHES HAS THE FOLLOWING OPTIONS FOR PERSONALIZATION:

- Cap color
- Legends: UV printing or laser marking
- Illumination with LEDs on the PCB

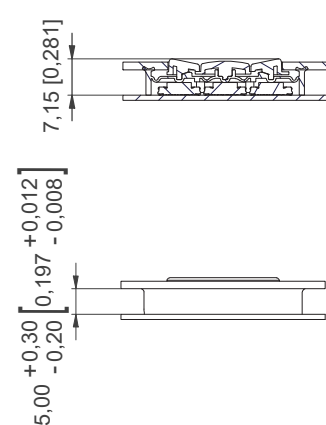

10ZB+10ZC

10ZWY

6C+10ZB+10ZC+10ZWY
