

Tubular steel drum pump with telescopic suction pipe

For oils of SAE 5 W to SAE 90, heating oil, diesel, cutting oil, petroleum, anti-freeze

Application:

For oils of SAE 5 W to SAE 90, heating oil, diesel, cutting oil, petroleum, anti-freeze

Execution:

- Suitable for 60, 200 and 220-l drums
- Plastic angled outlet with union nut
- Galvanised telescopic steel suction pipe 520 to 950 mm
- Pump head made of impact-resistant high-pressure die-cast zinc, aluminium pump body
- Seals made of PVC/NBR

Advantage:

- Durable and high-quality - leak-free without bonding components
- Ergonomic, slip-resistant handle

Art. no.	56319 100
Brand	PRESSOL
Manufacturer Part Number	13012
Min./max. immersion depth	520-950 mm
Feed volume per stroke	0.3 l
Suitable for container	60-210 litres
Gross Weight	1.600 kg
Product Group	5IE

EAN

4103810130120
