-------	---------------	-------------------	---	----	---------	-----	----	---	-----	---

Effectively presented warm color tones enhance the decoration in a room.

1) All the technical parameters apply to the entire luminaire. In view of the complex manufacturing process for light-emitting diodes, the typical values given above for the technical LED parameters are merely statistical values that do not necessarily correspond to the actual technical parameters of an individual product; individual products may vary from the typical values.

Optional accessories.

LEDVANCE® DOWNLIGHT M, L and XL

With their subtle ring design in anodized aluminium, these luminaires are universally applicable in rooms of various designs.

aluminium ring, low-profile
