

ATORN abrasive cloth economy roll in tear box

High-quality synthetic corundum, full resin bond, closed coating dispersion

ATORN®

Application

Hand sanded from alloyed and unalloyed steels, stainless steel, chrome and chrome-nickel steel, brass, bronze, wood, paint and plastic

Version

- Robust, oil/petroleum-resistant, highly flexible cotton fabric
- Excellent grinding performance with high-quality synthetic corundum (AO - resin-bonded) and dense covering.

Advantage

- Holder core for economy roll
- With side window for usage control

Art. No.	69251 008
Material of abrasive medium	Aluminium oxide (normal corundum)
Grain size	120
Roll width	25 mm
Length of roll	50 m
Scattering	Close scattering

EAN-Code
