

Oil-Only absorbent mats, white, in dispenser box

Absorbs oils, hydrocarbons and lubricants without absorbing a drop of water.

Application:

Suitable for any applications requiring absorption of oil only, but not of water, e.g. for soaking up oil leaks in water tanks.

Execution:

- Made from 100% polypropylene
- Medium durability

Advantage:

- 8-ply for outstanding tear resistance
- Dispenser box allows easy access and stores the mats in perfect condition
- Will not leave any fluid or fibre residue behind
- White mat indicates directly where the machine is dripping
