

## Pipe brushes with M 6 male thread, nylon trim

For manual or machine use

**ATORN**<sup>®</sup>

### Application

For cleaning pipes, gratings, sleeves and cylinders and for deburring e.g. cross-drilled holes and similar features

### Version

- Edging: Smooth nylon
- With M6 connecting thread for handle, extensions or adapter
- Machine use possible with adapter: Up to max. 3000 rpm (rotation speed) – use brush clockwise!
- Longest service life thanks to top wire quality
- Optimal flexibility and bending strength
- Uniform distribution of the filling wire ensures a high level of concentricity.
