

Grippy® floor mats made from polypropylene fibres

Absorbs oil, water, coolants and solvents

Version:

- Absorbent layer takes up liquids and draws them away from the centre of the mat
- Interwoven fibres catch dirt and fine particles, preventing their spread
- Tested and certified (by NFSI)
- Classified as slip-resistant R13 as per DIN51130 - suitable for use in work rooms and work areas with an increased risk of slipping due to grease, oil, food, debris, dust, flour, paint residues etc
- Tested in accordance with BS 7976-2:2002+A1:2013, with proven low slip potential, both in wet and dry conditions
- Complies with fire protection class Bfl-s1 in accordance with the requirements of BS EN 13501-1
- Adheres to the most common commercial floor surfaces, including: Concrete, vinyl and ceramic tiles, natural stone slabs and linoleum
- Easy cleaning: Simply sweep, wipe, vacuum or clean with wet vacuum cleaner or floor cleaner - the mat will not slide

Advantage:

- Absorbs moisture, catches dirt and prevents slips, trips and falls
- The adhesive developed by New PIG keeps the mat fully fixed to the floor but enables it to be removed easily
- No overnight floor cleaning necessary
- Very easy to lay
