

18-Aug-2023

PCN #: PCN-23-184317

Subject : SPT SRC Contact

Description of Change : Dear customer, we would like to inform you with this PCN about introducing a new production tool 11-1963596 at our TE manufacturing location in Suzhou, China. The evaluation of new tool is executed by following A strict procedure. Which guarantees no negative influence on quality, ability to supply and form-fit-function of the concerned products. An internal release based on our specifications will be executed before any parts will be delivered, which guarantees the performance. Upon request, a PPAP level 2 will be available if it concerns a transfer of a tool which produces a finished TE-product. A PPAP level 1 will be available if it concerns a component of a TE-product, where the production location of the finished TE-product remains unchanged. If you require such a PPAP, please notify the responsible TE Sales Contact within 14 calendar days after receipt of this PCN.

Reason : For China local customers requirement on STP SRC contact, new coding 964322-1&964324-1&964326-1&964328-1 add on new tool 11-1963596 in TE Suzhou plant for production to support only Asia-Pacific market.

It will shorten the L/T of delivery time and offer good service for Asia-Pacific market. EMEA customers do not need to change to China parts and only keep original EMEA parts.
