

## Floor and desk Grommets

Products shown GTL5C (above) GT085 (top left) and GT024 (top right)

- Circular and rectangular product
- Floor cut-outs of 46mm to 209mm
- Cable guard & Air grills available
- Cable mouth size from 12mm to 30mm x 125mm
- Power & Data option (GTL5C)

Floor grommets are used as a conduit to interconnect the sub floor to the desk, cables travel through the floor grommet. Power Box units use 'tap off' leads to the floor and PD Boxes use 25mm flexible conduit, both utilise the floor grommet. Smaller units are used at the desk and provide convenient access for cables from the Pioneer, Power Unit and Power Box.

### Circular cable grommets

Adjustable cable opening, grey flame retardant ABS or polycarbonate construction

| Order Code | Adjustable mouth size | Cut-out Dia. | Internal Dia. | Overall Dia. | Depth |
|------------|-----------------------|--------------|---------------|--------------|-------|
| GT001      | 12 mm hole            | 46mm         | 34mm          | 62mm         | 38mm  |
| GT002      | 15mm x 50mm           | 75mm         | 62mm          | 88mm         | 38mm  |
| GT003      | 15mm x 70mm           | 102mm        | 84mm          | 114mm        | 38mm  |
| GT004      | 15mm x 80mm           | 120mm        | 104mm         | 136mm        | 38mm  |
| GT005      | 16mm x 80mm           | 127mm        | 102mm         | 140mm        | 38mm  |
| GTLL5      | 30mm x 80mm           | 127mm        | 102mm         | 140mm        | 38mm  |
| GTL5C      | 32mm x 75mm           | 127mm        | 110mm         | 140mm        | 50mm  |
| GT065      | 30mm x 125mm          | 169mm        | 145mm         | 185mm        | 38mm  |
| GT085      | 4 x 28mm Dia. Holes   | 209mm        | 190mm         | 133mm        | 45mm  |
