

Precision short drill chucks

Application:

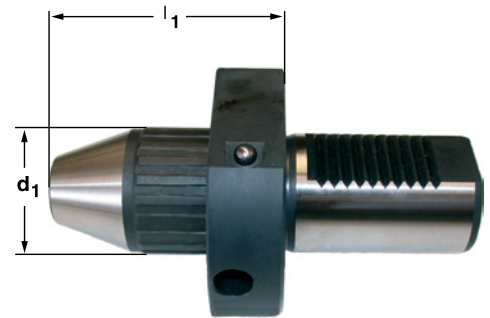

For clamping tools with straight shank.

Execution:

- For NC lathes
- The tool is clamped using a hexagon key
- Hexagon T-handle wrench operation

Advantage:

- High concentricity

Art. no.	22725 031
Brand	EWE
Manufacturer Part Number	802 831
VDI mount diameter	30 mm
Min./max. clamping width	1-13 mm
Outer diameter	43 mm
Discharge length, open	89 mm
Discharge length, closed	81 mm
Gross Weight	1.370 kg
Product Group	208
