

Self Test Indicators with LED

LED Indicators, 22 mm Pilot Lights

Multi-chip LED technology

Modern and effective replacement for traditional 22mm pilot lights

Low power consumption but brighter than standard incandescent indicators

Back panel lock nut fixing

SPECIFICATION:

Current	20 mA
Flush-mounted ϕ	22 mm
LED diameter	29 mm
Protection rating	IP 65
Termination type	Screw Terminal
Material	PBT
Mounting	Panel mount
Dimensions $\phi \times L$	21.5 x 63 mm
Temperature range	-25...+55 °C

PRODUCT RANGE:

Art. Nr.	Light colour	Voltage
RND 210-00373	red	12 V
RND 210-00379	amber	12 V
RND 210-00378	green	12 V
RND 210-00381	blue	12 V
RND 210-00382	white	12 V
RND 210-00364	red	24 V
RND 210-00370	amber	24 V
RND 210-00363	green	24 V
RND 210-00372	blue	24 V
RND 210-00367	white	24 V
RND 210-00366	red	230 V
RND 210-00374	amber	230 V
RND 210-00365	green	230 V
RND 210-00376	blue	230 V
RND 210-00377	white	230 V
