

Clip on Magnifier Light

Ideal for reading, clipping to a tapestry frame and any close up work.

The Clip on Magnifier Light is a modern designed magnifier lamp with a flexible gooseneck.

It has 1.3X magnification, making it ideal for crafters, mobile beauty, reading and users with low levels of vision. This lamp is ideal for working with intricate detail.

The lamp has bright LEDs around the magnifier and lasts for upto 4 hours when fully charged.
