Description and Purpose:

The reason is that the existing lead frame raw material will be end of life by June 2015.
 We will replace the existing lead frame raw material C18020 with C19400 (C18020/C19400: ASTM code).

The table below shows comparison of mechanical and chemical properties between two materials.

Material Name		C19400 (alternative)	C18020 (Existing)
