

Crimping pliers with exchange profile magazine ,MultiCrimp‘

With 5 interchangeable inserts for wire end ferrules, cable lugs, butt connectors and plug-in connectors

Application:

For crimping a range of connectors and sheaths.

Execution:

- Pliers: Special grade chrome-vanadium electric steel, oil-hardened
- Round magazine: Plastic, glass fibre reinforced
- Application 1: Uninsulated, open plug-in connectors from 0.5 to 6 mm²
- Application 2: Insulated cable lugs and plug connectors from 0.5 to 6 mm²
- Application 3: Wire end ferrules from 0.25 to 6 mm²
- Application 4: Uninsulated cable lugs and plug connectors from 0.5 to 10 mm²
- Application 5: Uninsulated, butt connectors from 1.5 to 10 mm²

Advantage:

- Only one tool required for the most common crimping applications
- Fast and simple to replace the crimping inserts without the need for additional tools
- Secure and protected storage of replaceable inserts in a round magazine

Art. no.	53117 110
Brand	KNIPEX
Manufacturer Part Number	97 33 02
Length	250 mm
Suitable for min./max. diameter	0.5-10 mm
Material of handle	2-component plastic
Gross Weight	1.130 kg
Product Group	535

EAN

4003773066934
